Army G-3/5/7

Training Support System (TSS)

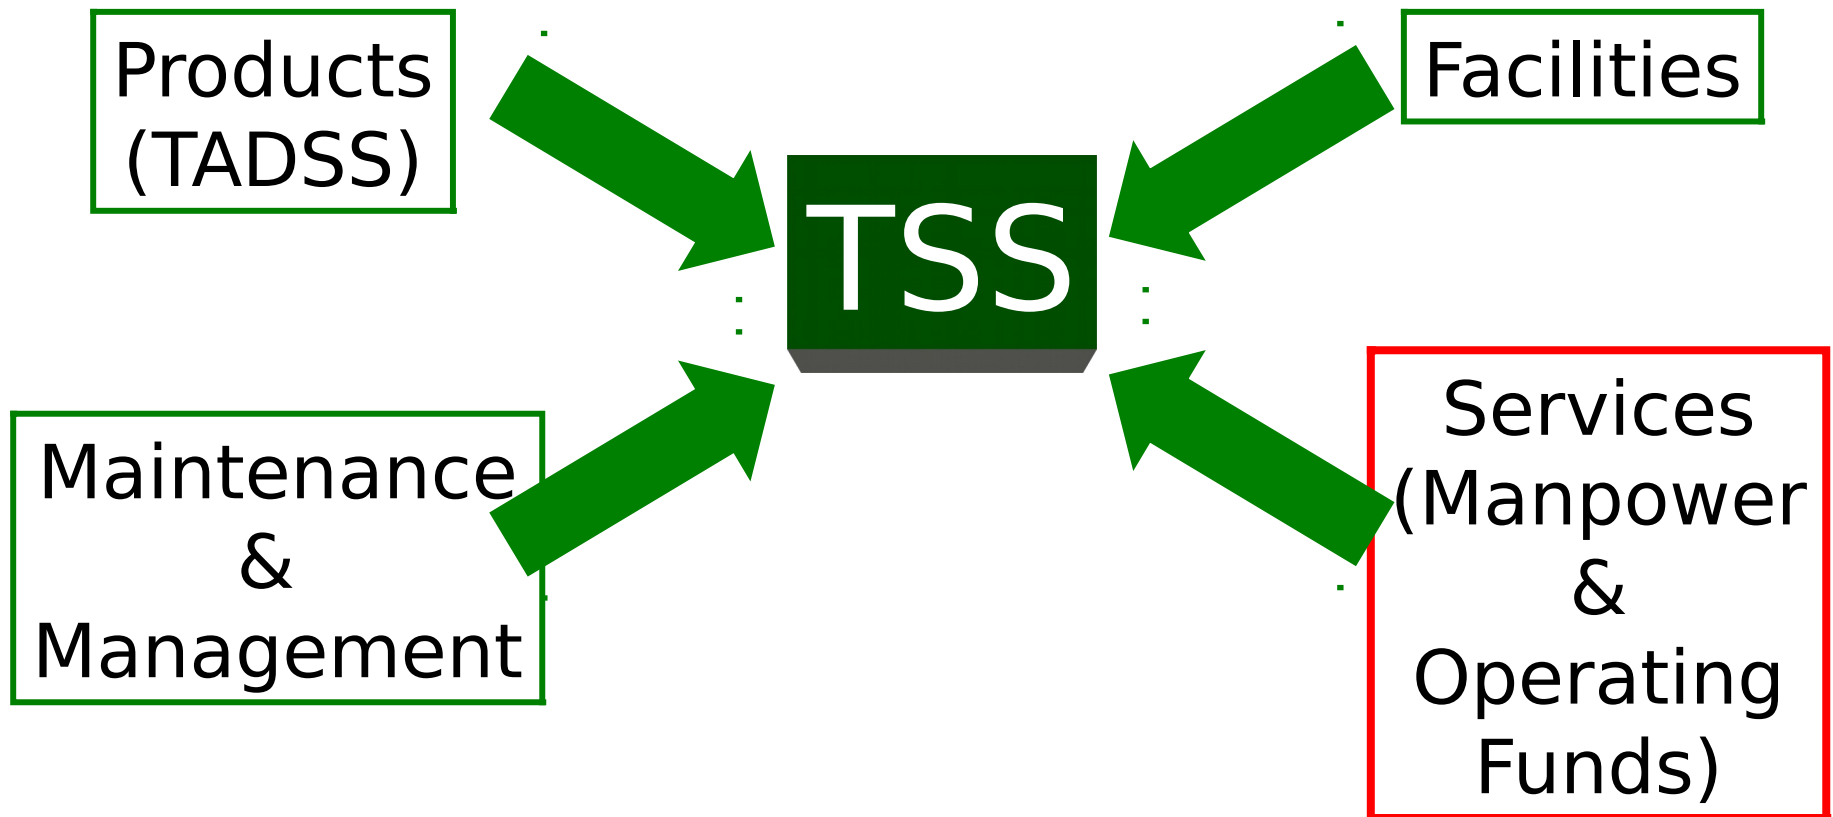

System of Systems
Components

Army G-3/5/7

- CTC Modernization: Instrumentation/TADSS
- Sustainable Range Program: Home Station Range Operations & Modernization
- Soldier Training Support Program: Individual and Small Unit live and virtual TADSS; Training Support Center Operations
- Mission Command Training Support Program: Battle Command Training Center Operations; Collective Virtual TADSS; Constructive TADSS; Live, Virtual, Constructive Integrated Training Environment
- Sustainable Range Program: Integrated Training Area Management (ITAM)
- Training Information Infrastructure (TII): Army Training Information Systems & Learning Delivery Systems

CTC Modernization: Instrumentation/TADSS

Sustainable Range Program: Home Station Range Operations & Modernization

Soldier Training Support Program: Individual and Small Unit live and virtual TADSS; Training Support Center Operations

Mission Command Training Support Program: Battle Command Training Center Operations; Collective Virtual TADSS; Constructive TADSS; Live, Virtual, Constructive Integrated Training Environment

Sustainable Range Program: Integrated Training Area Management (ITAM)

Training Information Infrastructure (TII): Army Training Information Systems & Learning Delivery Systems

TSS Use: High Medium Low

TSS Capability reflected in **Integrated Training Environment (ITE)** at two levels:

- **Blended TSS ITE:** The correct levels and quantities of Training Support Products (TADSS), Services (Manpower & Operating Funds), Facilities and Management/TADSS Maintenance provided to all installations based on their unit and institutional training missions.
- **LVC ITE:** At selected locations, the additional technical integration of selected TADSS to create a persistent common operating picture and integrated environment to support unit training during ARFORGEN Train/Ready.

Implement a TSS Manpower & Contract Strategy centered on 3 LoE:

1. Standard Garrison Organization (SGO): Govt Manning
Army-wide manpower reductions impacted TSS portion of Standard Garrison Organization (SGO) in IMCOM; TSS structure in EUR and PAC.
 2. Warfighter (WfF) Focus contract: Maintenance of TADSS
- PEO STRI
- 
3. TSS Services Contract : Other TSS Services - MICC & USACAC-Tng

Army G-3/5/7

- Ends: 37th CSA's Intent for 21st Century Training
 - Revitalize Home Station Training
 - Replicate Complexity
- Ways: TSS Initiatives
 - Regional Collective Training Capability (RCTC)
 - 27 CONUS Installations + 7 RC B/MCTC Locations
 - OCONUS "Regions" – AREUR & ARPAC
 - LVC-ITE
 - Up to 14 CONUS Sites
 - 1 AREUR Site
 - Up to 3 ARPAC Sites
 - Feeder Operational Training Sites
 - Institutional Training Installations
 - In support of POI
 - Including AMEDC&S, SWC & USMA
 - Considers RC OASS sites
 - Implement Tng Info Infrastructure (TII) Program
 - Program ATIS POR
 - Training IT Systems
- Means: Army Program & Budget for TSS

Contract

- Loss of SGO Govt manpower.
- SA Policies restrict:
 - In-sourcing
 - Out-sourcing
- T/O likely to be more implicate than explicate.
- In some cases, contract employees may support from off installations.
- Matrix teams to provide general support regionally or nationally.
